

CEROC STEP-UP 1 WORKSHOP

Event - CEROC STEP-UP 1 WORKSHOP

When	Sat, 15. August 2026, 10:30 - 13:30
-------------	-------------------------------------

Description

This workshop is aimed at dancers who are comfortable with the beginner moves and have progressed to the intermediate class.

Step Up moves are (usually) the first move of every intermediate class. Learning a selection of these moves will instantly help you with your confidence in the intermediate classes.

Richard Chatland is a great Ceroc teacher and he will ensure you learn a number of 'step up' moves and important intermediate techniques to help you progress on your dance journey.

Richard's top tips and techniques will help you consolidate the concept of these slightly more challenging moves and enable you to lead and/or follow more comfortably and effectively.

This workshop is a great way to bridge the gap between beginner and intermediate levels!

There will be short breaks (tea, coffee, juice and biscuits are provided)

The price is £25 per person.

Advanced booking only, so we can maintain the gender balance.
